

Our Work

We depend totally on donated books and funds. We collect used or new books, then sort, ship, and redistribute them to the communities locally and the less privileged across Africa.

You can support us financially with a one-off or regular donation through www.booksforlifeinternational.org.nz

For internet banking, our account no. is:

Partner with Us

Now is the chance for individuals, organisations, libraries, schools, colleges, universities, publishers, authors, and so on to dust off your used, unread, extra, or even new books.

TRANSFORM Lives

Contribute to the Community

Your used, unread, extra, or even new books do not need to stay on the shelves or go into the bin anymore. You can share them with others who are less privileged.

Every person has a right to access to books. The right books change lives in a family, community, society & country.

In New Zealand, some schools and school libraries are not well resourced due to lack of funding or resources. In many classrooms in Africa, 12 to 25 students share a textbook.

We require:

- ★ **Christian authored books, Bibles, theological books, Sunday school resources, etc.**
- ★ Educational & Academic books from Early Childhood to University level.

We believe that access to books will help students to possess knowledge to survive in a knowledge based global community.

All donations are used to advance the charitable purposes
